

# W. L. Gore & Associates

## 2023 Engineering Summer Internships

As a Gore intern, you'll own a project calling on the skills you're developing in your field of study, and you'll work to wrap up the project before your internship ends. We are looking for students to support a variety of engineering projects at our Newark, Delaware; Elkton, Maryland; Flagstaff, Arizona; Phoenix, Arizona; and Santa Clara, California facilities this summer.

### **Typical Opportunities Include:**

- Automation Controls Engineering
- Design and Automation Engineering
- Design Engineering
- Facilities Engineering
- Process Engineering
- Product Development Engineering
- Quality Engineering

*At Gore, we believe in you as an individual. We value your know-how and ideas. Our goal is to create a positive, respectful workplace in which everyone is treated fairly. If you are searching for a company where you can learn, contribute, and make a difference, we're looking for you!*

***Together, improving life***
