

# W. L. Gore & Associates

## 2023 IT BIS Summer Internships

We are looking for talented, hands-on individuals who have demonstrated the initiative to apply computer/technology fundamentals and successfully navigate ambiguity to solve problems and deliver results.

### Typical Opportunities include:

- **Management of Information Systems**

Focuses on people, process and technology factors to help support digital business operations. Potential roles include IT Project Management, IT Quality Analysis/Testing, Analytics/Data Science, and Business Analysis.

- **IT Infrastructure and Operations**

Supports the underlying technologies to develop, test, monitor, deliver and support IT Services. Potential roles could include Client Support, Service Desk, System Administration and Amazon Web Services (AWS) Cloud Development.

*At Gore, we believe in you as an individual. We value your know-how and ideas. Our goal is to create a positive, respectful workplace in which everyone is treated fairly. If you are searching for a company where you can learn, contribute, and make a difference, we're looking for you!*

***Together, improving life***
