## Grand Challenges

### Impact Lab

- Study global GRAND CHALLENGES
- Collaborate on INTERDISCIPLINARY TEAMS
- Work hands-on to learn IMPACT INNOVATION
- Design impact VENTURE SOLUTIONS

The Grand Challenges Impact Lab (GCIL) is a UW study abroad program. Students learn how Grand Challenges impact disadvantaged communities in India- topics such as clean water, climate change, low-income housing, education, and access to health care. Students then propose, test, and prototype solutions using tools of entrepreneurship and social innovation.

The program offers a hands-on learning laboratory and is open to junior and senior undergrad students and grad students from any department.

Winter 2024  
15 credits

Bangalore, India
