

# Intel Corporation

As we're witnessing the fastest technology transformation in modern history, Intel, and its decades worth of expertise, knows that its ecosystem has what it takes to collectively move the world forward. We're powering solutions to the world's biggest challenges through our ongoing engineering innovation.

The Intel team will be on campus

**Wednesday, October 23rd, from 12:30-4:00 pm in ECE 269.**

Stop by to learn more about internship and full-time positions.
