

# Change the World at a National Laboratory

## VIRTUAL RECRUITMENT EVENT

March 17 - 20

1:00 - 4:00 PM PT daily (4:00 - 7:00 PM ET)

**You** can make a positive impact in science, energy, and national security. Hear **Pacific Northwest National Laboratory** researchers discuss innovative projects and our lab's culture. Plus, recruiters answer questions about applying for full-time jobs, postdocs, and internships!

**Scan to register:**

Or visit: [bit.ly/pnnl-uw](https://bit.ly/pnnl-uw)

This event is **free** and **open to all grade levels, career levels, and academic programs.**

Register now. Come and go as needed.

Questions? Visit [careers.pnnl.gov](https://careers.pnnl.gov) or email [careers@pnnl.gov](mailto:careers@pnnl.gov)

“After I graduated, I completed a two-year postdoctoral fellowship at PNNL and then was hired there as a senior research scientist. I found it to be an incredibly innovative, collaborative, and supportive environment. One of my recent graduates is also getting her start at PNNL. **I would highly recommend attending Career Connections** to learn more about opportunities at U.S. Department of Energy national laboratories.”

**DR. RYAN KELLY, PROFESSOR**  
BYU DEPARTMENT OF CHEMISTRY AND  
BIOCHEMISTRY
