FOR A VIRTUAL AI PROMPT–A–THON

LEARN FROM AI EXPERTS AT MICROSOFT

APRIL 16, 2025
1–3 P.M. VIA TEAMS

The Graduate School is thrilled to announce the opportunity for all graduate students to attend a virtual AI prompt-a-thon led by AI experts at Microsoft. During the session, graduate students will explore innovative prompting techniques to save time and enhance efficiency. Participants will have time to practice and refine their prompting skills through hands-on activities and collaborative discussions.

LEARNING OBJECTIVES:

> **Learn hands-on how to use effective prompting techniques**
> **Learn about Generative AI and how to responsibly and safely leverage it**
> **Discover ways you can use AI to enhance efficiency and improve daily workflows**

NOTE: Attendees MUST register with @uw.edu email to be admitted!

For those who cannot attend, the session will be taped and made available on the Graduate School's website.
