

Tuesday, March 3rd
3 - 5pm

CAREER TREK

Explore Cutting-Edge Robotics, AI, and
Autonomous Systems

Join the UW ECE Department for an exclusive career trek to Carbon Robotics, a Seattle-based leader in agricultural robotics and artificial intelligence. Learn how engineers in Deep Learning, Electrical Engineering, and Software build high-precision autonomous machines that transform modern farming.

Event Agenda:

- 3pm – Arrival/Check-in
- 3:15 - Technical Presentation from Engineering Team
- 3:45pm - Student Q&A
- 4pm – Networking/Mingling (light appetizers served)
